

## Repair The Wear

Hard Work Often Breaks Down a Person's Health and Creates a Need for Ziron Iron Tonic.

**M**EN and women who do hard labor, such as building, farming or housekeeping, and those who do exhaustive brain work of various kinds, often feel the need of something to help renew faded forces and tone up the system.

To help repair the wear caused by over-work, to gain renewed strength and energy, many have obtained good results from taking Ziron Iron Tonic. Ziron is a perfected preparation of pure medicinal iron salts, combined with other valuable strength-giving

tonic ingredients, which are recommended by leading physicians. Mr. H. B. Converse, of McEwen, Tenn., writes: "I had been working very hard, and was getting weak and run-down from hard work. When I commenced taking Ziron, in a few days I felt stronger, and now I have taken two bottles I feel as strong as ever, although I have kept at work all the time."

You cannot lose anything by giving Ziron a trial, but very likely will gain much.

Your druggist will sell you the first bottle on a money-back guarantee.

Rev. E. A. Tucker expects to leave next Tuesday afternoon for Mayfield, Kentucky, where he will spend several days following attending the Memphis Annual Conference which will be in session there. The conference year for the Methodist church in Somerville closes as one of the most successful the church has had. When he goes he will carry a report of every claim having been met in a financial way while some passed the requirements. The Sunday School has grown, attendance at regular services has increased and the year has been a most harmonious and fruitful one. That Mr. Tucker will be returned for another year as pastor seems a certainty, and seems to meet with unanimous approval.

In the special election in the eighth district on next Tuesday to fill the vacancy in the office of District Magistrate caused by the resignation of W. L. Tomlin Esq., A. G. Smith, also of Oakland, is the only candidate in a special election to be held the same day in a separate box to elect a Corporation Magistrate to fill the vacancy caused by the resignation of J. N. Clay, Esq. Smith was once a member of the court and had the reputation of being one of its best and most conservative working members.

W. T. Loggins, Secretary of the County Board of Election Commissioners, mailed out Thursday, October 28, to the several Officers of Election, the poll lists, tally sheets, and other material for holding the regular election next Tuesday through the county. Every Election Officer in the county should receive the package by Saturday and in case one fails to get it by Saturday night or Monday morning at the latest it would be well for such officers to call the Secretary of the Board by telephone Monday morning so that it will be possible to supply the needs. Every precinct will receive its package and when the election is over the returns should be mailed promptly to the Secretary, for which a self-addressed envelope is being sent with each lot.

## TO THE VOTERS AND TAXPAYERS OF TENNESSEE

(Continued from page 4)

honestly and wrongfully placed on the shoulders of the taxpayers of Tennessee by the party of William G. Brownlow and Alfred A. Taylor. If Col. Taylor now insists that this old Brownlow debt ought not to be paid, let him boldly say so to the people of Tennessee.

But for making this statement too long, I would point out other respects in which the table published by Col. Taylor sponsors is false and misleading. I would like to cite one or two cases however.

Col. Taylor's table shows the assessment in Carroll county in 1918 to have been \$1,072,000. He then compares that with an assessment \$13,877,631 in 1920, when the honest truth is that the assessment in Carroll county in 1918 was in round numbers \$5,500,000 as compared with \$13,877,631 in 1920.

Another instance—Col. Taylor's assessment in Davidson county in 1918 was \$88,972,240 while the assessment made by the officials charged with assessing the property in 1918 was in round numbers \$100,000,000.

Again, Col. Taylor's assessment in his home county of Carter in 1918 was \$1,861,310 while the assessment actually made by those responsible shows the assessment to have been for that year a little over \$3,000,000.

I submit all of this to the voters and taxpayers of Tennessee with no intention of being offensive, but with a clear intention of being direct and positive, that no candidate who will circulate or permit to be circulated for his benefit a statement deliberately framed with the intent to deceive and mislead the voters of the State can be trusted in the high office of Governor.

## DR. M. N. WALDRIP NO PUSSYFOOTER

Comes Out Strong Against Violators of Tennessee's Liquor Statutes

Nashville, Tenn.—(Special.)—Chief among those bending the large committee in charge of bringing the great Southern Christian Citizenship Conference to Nashville is Dr. Marion N. Waldrip, pastor of the McKendree Methodist church of Nashville. Dr. Waldrip is no pussy-footer. He believes in coming out strong on whatever side of every question he takes a stand and he hits and hits hard straight from the shoulder.

Recently he brought down the wrath of the criminal court judge of Davidson county upon his head by an utterance delivered at the mass meeting of prohibition workers in their celebration of Nation-wide Dry Day, January 16. Prior to Dr. Waldrip's remarks, Mayor William Gupton, another strong churchman and advocate of law-enforcement, had made an address at the State capitol, charging that the criminal court was not doing its full duty in enforcing the liquor laws and was failing in its work to convict those captured by the city police, of Nashville in violation of the prohibition laws.

Dr. Waldrip started the city by declaring that if the mayor's remarks were true, and he had no cause to doubt their veracity, the judge of the criminal court should be stayed alive and his skin nailed to the front door of a former saloon, now closed. This made the people of Nashville "sit up and take notice" of this new champion of the right and of good government through law and order, and brought him into favor with the better element of Nashville's citizenship.

A few days later, the criminal court judge endeavored to answer Dr. Waldrip and the mayor by sarcasm and ridicule. At the present, neither Dr. Waldrip nor Mayor Gupton have withdrawn their charges and both have declared that they stand firmly by them as originally made.

Dr. Waldrip is a sample of the strong men of character in Nashville and throughout Tennessee who are in charge of the Southern Christian Citizenship Conference, which meets here March 7-12.

## Everything Is Reduced

Let it be made clear that the above statement means exactly what it says—EVERYTHING REDUCED—and everything bears a reduction of 10, 20, 25 per cent or more.

Certainly a most sensational thing to do at the very outset of a season, but low prices of cotton makes us do it.
